

CENTRE FOR ECOLOGICAL SCIENCES
INDIAN INSTITUTE OF SCIENCE
Bangalore 560 012, India

RENEE M. BORGES
Professor

Date: 30.09.2020

EXPERIENCE CERTIFICATE

This is to certify that Dr. Alfred Daniel, J worked as Post Doctoral Researcher (RA-1) under DBT project titled "Chemical Ecology" operated in Centre for Ecological Sciences, Indian Institute of Science, Bengaluru for seven months (from 1st March 2020 to 30th September 2020).

His main work was on identification of certain fig wasps and exploring the diversity of nest architecture in potter wasps to understand their bioengineering principles. Alfred is well experienced with field work and is deeply committed in observing natural history.

During his tenure as a Post Doctoral Researcher, his character and conduct was good. He is honest, hardworking, reliable and performs well independently, as well as part of a team. He is definitely an asset to any organization and I wish him every success in his future endeavours.
