אוסף הרקמות והדנ"א

Prof. Gila Kahila Bar-Gal
Director of National Natural
History Collections
CryoBank

Dear Dr. Alfred Daniel,

I am happy to inform you that the evaluation committee has approved partial funding (50%) of a scholarship for your post-doctoral training at the National Natural History Collections, The Hebrew University of Jerusalem, for the academic year 2022-2023.

The title of your post-doc proposal is "Evaluating arthropod diversity after ecological disasters using biological collections: 'Avrona Nature Reserve as a case study'". Your direct advisor will be Dr. Efrat Gavish-Regev, and you will work at the Terrestrial arthropod collection.

We invite you to start your post-doc study on November 2022.

As you will be supported with only half-time post-doc, it was approved that you will be also conducting another post-doc project (50%) at Ben-Gurion University, with Prof. Michal Segoli.

Best regards,

Gila Kahila Bar-Gal
